has obtained a permit under this Ordinance or is

exempt under the provisions of Section 19 from obtaining such permit, the Magistrate shall make a written order directing such person to leave the Colony within seven days, unless before the expiration of that time he has received permission in writing from the Colonial Secretary to remain in the Colony; such permission shall have the same effect as a permit granted under this Ordinance.

"22.—(1) If any person in whose case such order has been made is found within the Colony after the expiration of seven days after service of such order without having obtained permission from the Colonial Secretary as aforesaid, he may be arrested and brought before a Magistrate, and shall upon conviction be imprisoned for a period of not less than one month and not more than six months and with or without a fine not exceeding £500, and in default of payment to a further term of imprisonment not exceeding six months.

PERMITS TO ENTER THE TRANSVAAL OR ORANGE RIVER COLONY.

PUBLIC NOTICE is hereby given that henceforth permits to enter the Transvaal or Orange River Colony will be issued only at South African ports. Persons wishing to proceed to those Colonies should, therefore, apply for permits to the Permit Office at the port at which they propose to land. Such permits may be refused, and in order to avoid disappointment and delay it is suggested that persons about to proceed thither should ascertain, before sailing for South Africa, from the Permit Office at the port of landing whether permits will be granted to them. Under the Peace Preservation Order now in force in the Transvaal and Orange River Colony, persons entering those Colonies without permits may be ordered to leave, and if such order is not obeyed within a certain time, they are liable to fine and imprisonment.

JOSEPH POPE,
Under-Secretary of State.

OTTAWA, 20th September, 1900.

SIR,—I have the honour to inform you that there have been received at this Department from the Minister of Foreign Affairs of Sweden, through the Swedish and Norwegian Consul in Canada, certain copies of the law and of the regulations of the Nobel Foundation or Endowment, approved by His Majesty the King of Sweden and Norway on the 29th of June last.

The matter at issue in these documents concerning, in general terms, higher education, it has been decided to distribute the documents in question among the Provinces and Territories of Canada; and I have accordingly to transmit to your Honour, herewith, one copy of the publication above mentioned, with the request that you will kindly invite your Ministers to consider favourably the request of the Swedish Minister of Foreign Affairs that "the widest publicity be given to the principal contents of the documents, which are of a kind to interest the entire civilised world," and, if deemed advisable, to take whatever action is deemed proper in the premises so as to comply with this request.

Briefly it may be stated this Endowment or Foundation rests upon the will, dated 27th November, 1895, of Dr. Alfred Bernhard Nobel, an engineer and a dis-

tinguished philanthropist, who directed that the interest upon a certain portion of his fortune, as set forth at length in his will, should be distributed annually, in five equal portions, as prizes to those who, in the course of the year elapsed, should have rendered the greatest service to humanity in the five following ways, respectively:—

1. Making the most important discovery or invention in the domain of the Physical or Natural Sciences;
2. Making the most important discovery in Chemistry or contributing most to perfect any existing branch thereof;
3. Making the most important discovery in the domain of Physiology or of Medicine;
4. Producing the literary work most remarkable in exposition or interpretation of the doctrine of idealism;
5. Doing the most for the brotherhood of man in the direction of suppressing or reducing standing armies, as well as for the formation and increase of Peace Congresses.

The testator, it may be added, was emphatic in willing that in the distribution of these prizes, no account whatever shall be taken of nationality, so that in every instance the prize is to go to the most worthy, whether or not he belong to the Scandinavian Kingdoms.

The first distribution of the Nobel Prizes is, the Minister intimates, to be made on the tenth of December, 1901.

I have the honour to be,

Sir,

Your obedient servant,
